To get a countertop quote:

Please email your measurements to info@CabinetStoneExpo.com or visit our showroom with the measurements.

- 1) Simply draw a rough top view layout of the shape of your kitchen (L-shape, U-shape, Bat Wing, or Galley, etc.)
- 2) Provide measurements on each sections like the diagram on the right (*It doesn't have to be very accurate, we use your measurements for estimate purpose only! Our measurement technician will go out to do the final measurement once you place your order.)
- 3) Indicate your sink & appliance locations
- 4) Show wall & open sides, this will help us to determine where the finished sides that require polishing.
- 5) Let us know what backsplash materials will be used (Tile or the standard 4 1/2" tall granite/quartz backsplash). If you want the 4 1/2" tall backsplashes, draw them behind the countertops.
- 6) Choose a color to get a quote.
